Work Experience

Cha-Chi Communication, Gurgaon

Jan 2024 – Present

Software Developer Engineer

Worked on the frontend and backend along with PostgreSQL database for building application. Built APIs for Authentication and CRUD operations using Node.js. Additionally, used multer for image uploading and integrated JWT token for authentication.

Tech stack - typescript, React, NodeJS, ExpressJs , PostgreSQL.

UPL Limited

Aug 2023 - Aug 2023

Frontend Developer

Worked on the frontend of a web application using React. Implemented React components and features to improve the functionality and appearance of the application.

Technology Used - ReactJS, JavaScript.

Project Work

Personal Portfolio website (2022): Developed a personal portfolio project to present professional experience, achievements, and career highlights. Included a dark and light theme, with a feature that saves the chosen theme on refresh, to enhance user-experience. Technology used - React, JavaScript, git, GitHub

Malhaar'23 (2023): Led a team of 15 developers for the development of the website for Malhaar'23, which is our college cultural fest. Utilized React and JavaScript technologies to build the website.

Technology Used –JavaScript and ReactJs.

Cara-Clothing (2024): Developed a Clothing website by using Html, CSS and JavaScript. The website features a listing of clothes, alongside blogs discussing fashion trends and new arrivals. Additionally, a cart page has been implemented for seamless shopping. Technologies used - MongoDB, Express.js, Node.js, and React.

Skills

Languages: Java, JavaScript, typescript

Technologies & Tools: ReactJS, JavaScript, NodeJS, ExpressJS, MongoDB, PostgreSQL, Git, GitHub

Additional: Data Structure and Algorithms

Education

Bhagwan Parshuram Institute of Technology, Delhi

Bachelor of Technology

Aug 2021 - Jun 2025

CGPA:8.99/10

Academic & Extracurricular Achievements

- Secured a three-digit rank in Codechef starters – 92, 101 & 105.
- Rated Pupil on Codeforces & 3-star on Codechef.
- Participated in SIH'23 hackathon
- Participated and completed Hacktoberfest'23.
